We are manufacturer and exporter of Ceramic Bricks from more than 5 years. Our range of products is globally acclaimed for their stability, strength and dimensional accuracy. We are capable of producing **10,000 bricks in a day.**

## About Us

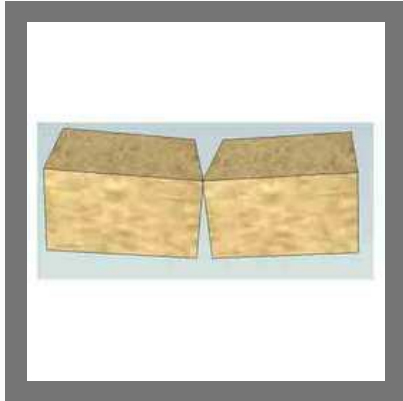

Established in the year 2005, we, **Aaditya Ceramics Private Limited** are engaged in manufacturing, supplying and exporting high quality Ceramic Bricks & Refractories. Based out of Pune (Maharashtra, India), ours is a Limited Liability/Corporation (Privately Held) organization. Our products are manufactured using optimum grade raw material sourced from the most reliable and trusted vendors of the market. Widely acknowledged for their stability, strength, optimum durability and dimensional accuracy, these products are extensively used in various industries such as sugar, glass, ceramic, paper, fertilizer & chemical, cement & lime and many more. We have established a multifaceted infrastructure at our premises that is fully equipped with all the essential tools and machines required in the manufacturing process. The diligent team of professionals we have appointed works efficiently in all the stages of the trade. Moreover, the products are stringently tested by the quality controllers in order to rule out any possibility of flaw. Our finest quality range of products has enabled us to garner a huge clientèle worldwide. Under the able guidance and constant motivation of our mentor, '**Mr. Mihir Shah**', we have carved a remarkable niche in the industry. His fabulous brilliant managerial skills, in-depth knowledge and immense domain expertise have helped us reach the towering heights over these years.
